

Water Works Changes Name & Personnel

Practically everything has been changed at the local water works except improving the waste of the water.

A much needed change came this week when the 49 letter La Mesa, Lemon Grove and Spring Valley Irrigation District nomenclature (which this publication seldom used) was reduced to the more euphonious, time and space saving title of Helix Irrigation District.

Changed too, were two of the top executives of the water works.

Byron M. Miller, who has been business manager of the district since 1951, has become general manager and chief engineer. Shelton resigned to become deputy director of the State Department of Water Resources.

Taking over the chief engineer duties is C. G. Watters, Jr., who had been assistant chief engineer.

No appointment was made to the position of business manager, but Al Grosse was named administrative assistant to Miller and Bert C. Wilkas was appointed assistant chief engineer.

Miller has been business manager since the position was created in 1951. Previously he taught school, was assistant to the treasurer of a San Diego manufacturer, and was dean of a college school of business. He is a member of the American Water Works association, and a licensed public accountant.

Watters was assistant chief engineer since October, 1950. He is a registered civil engineer, member of American Society of Civil Engineers and of American Water Works association.

Wilkas has been engineer in charge of construction and has been with the District since 1941.

Robert H. Wilkin has been named project engineer in charge of the \$5 million bond issue construction project.

History Given

History of the change of name goes back to 1886 when the San Diego Flume Company was organized. This company served water to the city of San Diego, the El Cajon Valley and the mesa lands between. This company, after some reorganizations, later became the Cuyamaca Water Company. Its principle sales of water were to the City of San Diego and the then City of East San Diego.

Rodeo Committee Passes New L.G. 'City Ordinance'

The first unofficial ordinance for our unincorporated community was passed this week by the Lemon Grove Rodeo executive committee.

Then new ordinance reads: Not tread the streets of Lemon Grove requires him to indulge in the age old art of shaving, shall not tread the streets of Lemon Grove clean shaven after 6:00 P.M. Sunday, July 15 until Sunday July 22, 1956.

(b.) Any male resident whose occupation requires him to be clean shaven, shall purchase for one dollar (\$1.00), a "smoothie" permit which will be valid for seven days.

(c.) Any male resident found guilty of willfully violating this ordinance shall be imprisoned in the local jail for a minimum of five (5) minutes and a maximum of one hour.

For the older codgers, Ken Priest, operator of the local Hollywood Beauty Shop at 7892 Broadway, said that his firm would "touch up" or dye any male's beard or mustache which is being grown for the rodeo. The man may choose any of the normal colors, or one of the more passionate shades like pink, lavender or green.

He said there would be no

charge for this service.

not to exceed fifteen (15) minutes, and may be subjected to a fine of \$50.

On July 22 there will be a prize whisks.

It was also announced that part of the rodeo profit will be turned over to the Swimming Pool fund.

THINGS DOIN' & BREWIN'

About Civic Center

By DICK HENDERSON

Fiesta del Pacifico is on its way, if the costumes worn by the girls working at Civic Center on Mondays, Wednesdays and Fridays of each week is a criterion. We haven't seen the girls dressed up as yet, but Tuesday the Board of Supervisors, individually and collectively, were dressed in real Mexican costumes, red predominating in the color scheme.

Dave Bird wore a light orange silk shirt, a sash and black trousers, and Gibson and Robbins were dressed in white shirts with colored, mostly red, decorations, while Austin had a white shirt and bright red necktie showing, but wore a coat for warmth. Howell, from Escondido, had a complete costume, including a black, straight brimmed hat, and was easily the winner, had a prize been at stake. He came back at 11 o'clock recess and grabbed his hat and went out again. Mebbe some photographer wanted a shot at the dressed up board.

Dean Howell announced to the audience that the Board did not usually dress so fancy, but this was a special occasion, in honor of the Fiesta.

Jack Ferrigno, Auditor, has a costume but says it is too cold mornings, to wear, so he goes home for lunch and changes clothes.

School Bonds

At 11:00 bids were opened for the sale of \$40,000 par value Bon-Sal Union School District bonds. Bank of America bid par and \$90. Delevan Dickson took the bids—some investment firm put in a similar bid with \$7.00 premium—downstairs, but the successful bidder was not announced when they came back.

Also scheduled for 11:00 was the hearing of the appeal of Dr. Paul E. Kilgore from the Planning Commission's denial of his application for a special use permit for a rest home in the Vista Zoning section.

Dr. Kilgore presented his case, which asked that a residence on his property be allowed conversion into a rest home.

He was followed by a gentleman who said he owned property next to Kilgore's, showed a map outlining the area with protestants holdings in red surrounding the proposed rest home, also presented a protesting petition signed by 47 owners and a letter from another gent who

is away on his vacation but he still objects.

The speaker recited several objections, one that sufficient sanitary facilities were not supplied, another that the fire protection code was not being observed, et al.

The Board was a unit in denying the appeal. It seems to be getting tougher all the time to find a place for us old folks, most of who built up the area in past years. We will have to take a leaf out of the Chinese' book. Their reverence old age, and care of their old folks is a prime consideration.

Nienaber's Petition

Another hearing scheduled for 11:00 was that of the petition of W. C. Nienaber for the reclassification from R-2-A to C-1 Of property in Lemon Grove Zoning Section, recommended by Planning Commission. There being no protests, written or verbal, the petition was granted by the (Continued on Page 6)

Newsreader Van Deerlin Tells of Community Television Service

News telecasts whet the appetite of viewers for more news and this is usually obtained from local newspapers, Lionel Van Deerlin, Channel 10 (KFSD) ace newsreader told the Men's Club Friday.

He said the telecasters he represented sincerely tried to perform community services, especially in the fringe areas. He also reminded the days of the Daily Journal (defunct) where he was city editor.

The club will hear Ernest Sabie and Robert Ryan, both of the Sheriff's Department this week.

The subject will be on juveniles. The men will describe some of the juvenile cases they have been working on.

All men of Lemon Grove area are invited to attend. The meeting is at Michael's at 12 noon each Friday.

Federal Boulevard Detour Started

Near Wabash Freeway

Traffic is being detoured on Federal Boulevard between San Diego and Lemon Grove on that portion of the new freeway near Wabash Freeway it was announced this week by the State Highway Department. The detour however will be only 3.4 miles in length.

The detour was opened to traffic Monday morning, July 2, and will be in operation probably for the balance of the year. Easterly of Home Ave. the detour will eventually be converted to a frontage road, but the entire detour both east and west of Home Ave. is paved, well signed and striped for the guidance of traffic. It will be necessary for motorists to use the detour at reduced speed.

Week End Minor Crime Wave Sweeps Lemon Grove

Lemon Grove broke out in a rash of crime during the week-end and a theatre, the fire department and a sporting goods firm all suffered loss or damage.

Burglars broke into Brandon's Sporting Goods Store, 7388 Broadway Sunday night and made off with approximately \$800 worth of sports equipment.

Among the items of loot were a Colt .38 pistol; a Hi Standard .22 target pistol; 2 Sheridan .22 target pistols; 4 rifles; 18 boxes of ammunition; 4 air pistols; 100 fishing lures; \$80 worth of fishing line; 4 spinning reels; 5 casting reels; life preservers, leather jackets, a Coleman refrigerator and 27 hunting knives.

The burglars tried to break thru the front door by using an auto spring leaf. Failing in this way they threw the leaf through a plate glass window, entered and tossed the equipment out a back window.

At the Lemon Grove Ace Drive In Theatre, 8105 Imperial, thieves made off with 15 electric auto heaters by cutting wires connecting them to the speaker standards. These heaters are approximately 6" high, wide and deep and are bluish gray in color. They have a small but powerful impeller fan arrangement and are valued at \$20 each. The thieves may have trouble using them as they are wired for 220 volts.

Tamperers damaged three autos belonging to members of the Lemon Grove Fire Depart-

ment while the men were on duty. The cars were in the department's parking area. Fireman Eddie Bolein's car suffered a broken window; Fireman Clarence Sheidle reported his car's ignition wires had been tampered with and a key jammed in the switch. Captain Ray Carmody said a key had been twisted off in his car's switch.

Sheriff's Department said a suspect is being held in the latter crime.

Grove Democrats To Hear Dr. Joy

Dr. Ned Joy assistant professor, Political Science, San Diego State College, will be the featured speaker at the July meeting of the Lemon Grove Democratic Club. His subject will be, "Foreign Policy—Will It Be an Effective Campaign Issue?"

The meeting will be held in the home of Mrs. John Landesco, 1940 Skyline Drive, Lemon Grove, Thursday, July 5, 8 p.m., with the president, Sumner Alpert presiding.

A question-and-answer and discussion period will follow the talk, and refreshments will be served. Interested non-members will be welcome. Those wishing to attend are requested to call Mrs. Ted Nachison, JU 2-2104, or Mrs. Landesco, HO 6-2436.

Spring Valley To Sue For Test On Sewer Bonds

The Spring Valley Sanitation District last week requested the Superior Court to issue a writ of mandate to require County auditor Perrigo to sign the \$735,000 sewer bonds which were passed at the September, 1955 election.

Meredith Campbell, Spring Valley Sewer District attorney, said the suit is filed to obtain a court decision to see whether a 1956 validating act is legal.

The District claims that Perrigo, the ex-officio auditor, has refused to sign the bonds on the grounds that the omission may have invalidated the vote under terms of the County Sanitation District Act.

The signing of the bonds will enable work to start on the sewer lines and treatment plant. Supervisor Dave Bird at a meeting of the Spring Valley Chamber of Commerce last month, said he thought bids would be let by the first of 1957.

After the defeat of the 1953 bonds, 12 parcels in the Spring Valley area withdrew from the proposed district and were not included in the 1955 election.

Sons of Columbus is a nationwide organization. It has 27 councils in California.

Modern Comedy Well Played

by Ralph W. Hastings
former theatre critic
San Diego Union

Last weekend the newly re-organized Lemon Grove Theatre Guild came up with one of the most amusing comedies offered by an amateur drama group in this area during the spring and summer season. It was Ronald Alexander's witty spoof of television, and "give-away" shows in particular, titled "Grand Prize," and was presented in the Helix High School little theatre before, I'm sorry to say, very sparse audiences.

This group, which for the past several years has been known as the Heartland Players, deserves the wholehearted support of the community. It is made up of theater enthusiasts of all ages who enjoy acting, directing, designing and building scenery, and creating special lighting effects. As this writer has often stated, there are few activities which offer the wide range of endeavor presented by the amateur theater. It is a compound of all the arts and forms a wonderful field for both creative and social activity. There is no legal retirement age in the legitimate theater; neither is there any age limit when it comes to participating in a little theater group.

But getting back to "Grand Prize"; it is the work of Ronald Alexander who wrote the hilarious Broadway hit "Time Out for Ginger," and like this earlier work, is packed with witty lines and funny situations.

The entire first act is devoted to a TV broadcast originating "live" from the apartment of Lucille Cotton, a modern private secretary, who is trying to win the Grand Prize, known as "Boss for a Day." If she wins she automatically changes places with her employer and he has to take orders from his Girl Friday for a period of 24 hours. Of course, Lucille wins, though there does seem to be a bit of skulduggery on the part of the program Emcee, one John Condon Mitchell, who has all the tricks of a certain well known television personality in his briefcase. Recap Given On Broadway Improvement Questionnaire

The Lemon Grove Broadway Improvement Committee this week released its tabulation of the questionnaires sent out to Broadway property owners regarding what steps should be taken on the widening project.

Originally, the Committee had assigned its chairman, Harry Griffen, to obtain an estimate on the cost of widening Broadway to 150 feet. This would include a 68 foot road, two 33 foot parking strips and 8 foot sidewalks on each side. Decorative lighting and storm drains were also to have been included in the estimate.

A petition was circulated soon thereafter, by Jackson Ammons, local realtor and property owner, asking that the improvement be held to 68 feet without the additional improvements.

Griffen then submitted questionnaires covering all combinations and this is what happened: Questionnaires mailed 101

We do insist on pointing out that the 66 pension item was not optional. It was mandatory. It automatically went into the budget this year of every school district in the State. We have approximately 100 teachers. The \$10,000 increased pension fund in itself pays an average of \$100 per teacher into the pension plan.

We should pause here to remind readers and/or teachers that this is not an editorial against school personnel getting increases. Actually, we are for paying more and taxing more until we are forced, by sheer weight of cost, to give up some of our foolish and outmoded school practices. Maybe we'll eventually come to a 12 month a year use of our facilities with two full blown sessions of teaching a day. It could be done!

The Dimmer VIEW

By MAX GOODWIN

When our school people got through working over the 1956-57 Lemon Grove Elementary School budget and the board of trustees adopted it a couple of weeks ago, most of us who follow this type of activity were pleased and surprised to learn our school tax rate would be down a half cent this year.

Our county tax, according to the supervisors this week, will also be down and if your assessed valuation hasn't been increased too much you may have a happier tax year coming up.

We are mighty proud in this community of the fact our elementary school tax rate is down. This seemed to be the year dedicated to raising the rate in most all other school districts.

I had a lengthy chat with Richard T. Stafford, chief of Field Service for the County Superintendent of Schools and he admitted that no other district in this immediate area was likely to hold even much less give a reduction in school tax rate this year.

No one will argue that the amount is much but it's the direction that counts. It is true that elementary district taxes were reduced in Lemon Grove two years ago but that was mostly fortuitous.

Calendar Helps!

Year before last we had a reduction of 12c. This was entirely due to a break in the schedule of the bond redemption payments for which this district is obligated. By benefit of the calendar, we hit a lull in these payments and our tax rate reflected it.

This year's reduction was different. It was scraped out of operating expenses. The school board sat, night after night, often as late as one o'clock a.m., arguing and examining such items as blackout curtains for better showing of picture slides, re-roofing projects for old supply buildings; cutting back of extra-curricular recreational programs, and many other items. This is not to say that these items were without merit. The point is, that the school board was determined to reduce expenses out of non-educational items.

Our teachers fared pretty well although they did not get the total increase they demanded. Teachers' schedules carry increments of \$200 between each of ten brackets with each bracket representing a year's experience. They had budgeted increases up to \$200 per year. The board lopped \$100 off half the teachers.

This in itself was pretty brave since many otherwise brilliant teachers still thrash about in the earlier-in-the-century philosophy that their profession is worked too hard and is paid starvation wages. Teaching groups manage to keep elements of this philosophy alive through their own tight-knit organizations, though their contacts in P.T.A., and through news handouts. Thus, it takes a brave board of trustees to reject the full demands of the teaching profession.

\$100 Via Pensions

The second of two pension plans for teachers came into being this year and it amounts to six cents per \$100 on your tax bill. It will cost the district \$10,000 in addition to \$1,400 the district is already paying for the same purpose. Now, we are not arguing for or against pensions. We do insist on pointing out that the 66 pension item was not optional. It was mandatory. It automatically went into the budget this year of every school district in the State. New 19 Room Bancroft School To Cost \$450,000

BANCROFT ELEMENTARY SCHOOL
DESIGNED BY SAM W. HAMILL, AIA, ARCHITECT

Authorization was granted to call bids for construction of Bancroft Elementary School at La Mesa-Spring Valley Board of Education meeting, Monday, June 25.

The school, which will be built on a District-owned site in Spring Valley (at Central and Tyler Streets), is planned as a complete unit including 16 classrooms, two kindergarten rooms, and a multi-purpose room. Construction, made possible by a Federal grant received earlier, is expected to be completed by March, according to Albert Peters, Vice-President.

Estimated cost of the school is \$450,000, which includes construction of buildings, purchase of furniture and equipment, grading, surfacing, fencing, and controlling drainage within the site. The actual cost will not be known until bids from contractors are received, said Peters.

In other action the Board heard a delegation of citizens from the Severin Manor area protesting the temporary deletion of the multi-purpose room for plans for the school to be built on Gregory Street. Plans were completed by the architect in accordance with Board directions for a full school plant, including multi-purpose rooms, said Peters.

However, since the recent bond election and during the time the application for State money was being prepared, the State agencies involved made a change in their rules and regulations. The change reduces the area which can be built right now, and consequently the multi-purpose room had to be temporarily taken out of the plans, said Glenn Murdock, Superintendent.

Under the State Program, he explained, classroom needs must be met first before multi-purpose rooms can be built. In the past this rule has applied to most of the elementary schools in the District. La Mesa Elementary

Rolando, Casa de Oro, Spring Valley, Lemon Avenue, and La Mesa, and La Mesa Dale Schools had to wait for their multi-purpose rooms. However, it was the consensus of the Board that the school in Severin Manor should be the first to get its multi-purpose rooms for square dance purposes. The Federation represents 28 clubs in the County. Use of the facilities was approved through the remainder of the month, but future approval must await setting up of a suitable scale for rental fees.

Use of school facilities is covered by a small (.018c) tax under provisions of the Civic Center Act, but a cursory study indicated that most of the clubs involved came from outside of the District and therefore paid no taxes for support of the program. While the Board has no

objection whatsoever to the use of the facilities, said Peters, strictly for reasons of economy a charge will have to be made.

In other action the Board approved awarding of a contract for Fire and Extended Coverage Insurance in the amount of \$825,562 to the firm of O. W. "Bud" Miller (State Farm Fire and Casualty) which was low bidder meeting specifications among ten bidders. A contract for milk and by-products of milk (ice cream, cottage cheese, etc.) in connection with the School Lunch Program was awarded to Qualitee Dairy, which was low bidder.

In other action the Board directed Superintendent Glenn Murdock to write a letter to the Board of Education of the Grossmont High School District regarding the proposed Junior College District. It was the consensus of the Board, after study, that while the idea of a Junior College in this area was good, the total school tax situation seems to indicate that the matter should be temporarily postponed.

Heartland Cabinet Formed For United Success Drive

Formation of Heartland Cabinet, to become a permanent preliminary body directing the activities of the next Success Drive for Community Chest, was started at a meeting in El Cajon City Hall on Wednesday.

Nan Coutts, who has been active in Welfare work in this area for 30 years, was leader in the discussion. Nan (Mrs. J. Foster Coutts) stated at the start that she would not accept the Chairmanship of this Cabinet, which is planned to become a permanent organization for the area's activities in the Success Drive.

Heretofore, the drive has started from scratch each year, with the experience gained from one year's campaign being lost. In future, it is planned to have the committee continue thru the year and be available for a flying start.

Each community and its residents share in the benefits.

Byron Netzel, while declining the Chairmanship of the Cabinet, volunteered to represent Lemon Grove on the Committee.

Bill Barnes and Mr. Chandler, representing the San Diego Cuccessa Drive, who are experienced in the work of organization, will be available with advice, and Bill Barnes will devote his entire time to the community committees.

J. R. Steel, former Mayor of El Cajon, was finally persuaded by Nan Coutts to take the Chairmanship of the Cabinet. She said she had been active for 30 years and it was time to get some new blood to take over, but that she would help in every way. On these terms, Steel agreed to head the Cabinet, but said he would need a lot of aids.

Others present at the meeting and offering worthwhile suggestions were Mrs. William Hershey of El Cajon, Mrs. Charles Goode of Grossmont and the Press, with George Mollineux, La Mesa Scout; rep. from El Cajon Valley News and Lemon Grove REVIEW, first on the scene and enjoying the air-conditioned coolness of the Council Chamber for 20 minutes before the meet opened. Note: If we have left out any members of the Fourth Estate we are sorry, but they were late in arriving and had to be produced by phone by Nan Coutts, who knows 'em all by their first names.

The Heartland Cabinet will be concerned with Lemon Grove, Lakeside, La Mesa, El Cajon, Grossmont High School District, Alpine, Spring Valley, Escondido runs their own campaign in the Chest Drive.

Retired Contractor Carries Cash in Steppers

Claude Rush, 71, of 1655 Taft St., Lemon Grove, a retired sanitation contractor, was taken to County Jail last Wednesday when Judge Turrentine cited him for contempt of court for not paying his divorced wife back alimony amounting to \$270, plus \$200 to his wife's attorney.

Deputy Sheriff Jack Bradshaw, while searching Rush when he was booked, found \$412 in money in Rush's shoe, and an additional \$130.74 was found in his pockets. Rush had claimed that all his money had been stolen from his car.

Finally, Rush was persuaded to pay the amount due, \$470, and he was released, literally forced out of jail by having enough money to satisfy the law.

Zebe Mann Elected Secretary-Treasurer Of Musicians' Local

Edwin (Zebe) Mann, long time vice-president of the Musicians Association, Local 325, was elected secretary-treasurer at a special election Tuesday, June 26. Mann received 167 votes. His two opponents: Fred Plank, 76 votes, and Bruce White 14 votes.

Besides vice president, Mann has been treasurer of the Credit Union and a delegate to the National Convention. He will give up those positions.

He replaces Charles Safford who has been secretary-treasurer for 18 years. Safford gave no reason for his resignation. Election for vice-president will be at the August meeting.

'Take Part in Politics' Shearer Tells Civic Class At Helix

William K. "Bill" Shearer, Republican candidate for State Assemblyman in the 77th District this week encouraged young people to take an active part in political affairs in their communities. He spoke to a civic class at Helix High School.

"There is a tremendous need for able and willing young people to join political parties and work for candidates and viewpoints of their own in a constructive way," Shearer said. "Joining a political party is the most effective way for a person to participate in governmental affairs. Probably no one agrees with his own party 100 percent of the time," Shearer continued, "but much is gained by working with the group, and expressing your own viewpoint through the group."

Shearer said that those who will not participate as either Democrats or Republicans are pretty much left out in the cold.

Discussing his Washington experiences as secretary to Congressman James B. Utt, Shearer told the class that Government is a big business today. He said that there were more full-time employees in the Pentagon Building than people residing in Lemon Grove. He described the operation of the Government Printing Office, occupying 33 acres of floor space, with 7,000 full time employees, and a payroll of \$10,000 a day.

Shearer said that State government is also important. He said that last year's budget was the largest in the history of California; that the State's biggest expenditure was for education. "California can be proud of its public schools," he said. "Our teachers and facilities will stand up favorably to those of any other State in the Union."

Shearer urged each student to investigate what the parties stand for, and to join either the Republican or Democratic Party in order to have a real voice in fiscal responsibility and individual enterprise.

BEGONIA GROUP TO MEET AT MRS. LOWRY'S HOME

The San Miguel Begonia society will meet Monday, at 6:30 with Mr. and Mrs. J. W. Lowry, 3780 Massachusetts, for a pot-luck dinner.

Ray Purtee, president, will conduct the business meeting and Mrs. Margaret Lee, vice president, will introduce Raymond Fritz, nurseryman, who will talk on the general upkeep this time of the year.

Radio & TV Programs To Be Suspended For 'Operation Alert'

With world conditions the way they are it is becoming more and more necessary for the people of our country and communities to become more and more conscious of Civil Defense.

Here are two important items from the "Arrow," the CD publication:

"Operation Alert" . . . All regular programs on radio and television will be suspended for 15 minutes on July 20 to clear the air for the first nationwide day-time test for Conelrad, the CD system of emergency broadcasting.

The drill was implemented by an FCC directive to the broadcasting industry to shut down at 3:10 p.m. (EST) 11:10 a.m. (Pacific Daylight Saving Time) on July 20, the opening day of "Operation Alert."

AM radio stations that are adequately equipped will shift to Conelrad frequencies at 640 and 1240 kc., to broadcast CD information concerning the simulated attack. All other stations will be off the air.

"Colored Helms" . . . The following is the official assignment of colors to the services: Zone Warden, Silver; Communications, Light Blue; Coroner, Tan; Engineering, Dark Blue; Fire, Black; Health, Medium Green; Law Enforcement, Yellow; Medical, Dark Green; Personnel, Brown; Public Information, Lavender; Radiological, Light Green; Rescue, Red; Supply, Orange; Transportation, Maroon; Warden, White; Welfare, Rose; Director, Gold; Grand Observers, Blue.

THE LITTLE THINGS

SUN BLOTCH IN AVOCADO ORCHARDS FOUND TO BE VIRUS

Sun blotch disease in avocados may show up in trees which previously showed no evidence of the disease, says Farm Advisor C. D. Gustafson. A number of old trees, twenty to thirty years old, have shown the symptoms of the disease for the first time during their life span. This means, that in the case of good producing trees, the spread of the disease has been extensive because of the large number of buds taken for propagation purposes.

The cause of sun blotch is a virus. The only known method of transmission of this disease is through propagation using budwood, graftwood, or seeds from infected trees. The virus is present in all parts of the tree and is not localized at any certain point even though the symptoms may be found on only one part.

Reduction in yield and quality is the damage realized by the grower when the disease develops in the trees. Severity of the damage varies from tree to tree. As the infected trees become older, there will be a decrease in production over a period of several years. Trees which show the symptoms when young

will usually be stunted in growth.

Positive symptoms present on diseased trees are: (1) Depressed streaks on green twigs, usually yellow, brown or slightly pink; (2) Yellow or whitish depressed markings on green fruit; (3) Reddish-purple depressed markings on dark fruit.

Symptoms which may or may not be present are: (1) Characteristic rough and corky bark on the trunk and larger branches; (2) Distorted growth of the limbs, and/or general stunting. Infected trees may show symptoms at any age, from the nursery seedling to the mature tree.

Gustafson says that control of sun blotch is by prevention. Budwood, graftwood, and seeds should only be taken from trees which have proved to be free from the disease.

Nursery trees which show signs of being diseased should be destroyed and the parent trees located if possible. If the parent trees are found, make sure that no propagation material is taken from them. This can be accomplished by tagging the trees or by their removal.

It is safe to replant avocado trees in the same spot where a sun blotch tree has previously grown.

NEED VACATION MONEY?

Salt was so precious in India it was once used for money. Modern folks use salt for seasoning, and money and credit to get the things they need and want. Everybody needs a vacation, and many of your friends and neighbors take and enjoy that vacation with the help of a PF Vacation Loan.

Jamacha Road Being Improved

The County Road Department last week started work to improve Jamacha Road by realigning and regrading.

The work will take in one mile and a half, starting at Sweetwater Avenue, thence to Grand and north-east. George Dale of the County Surveyor's office said the curves will be straightened out and the road given a better base.

He pointed out the fact that there are 25 master road check-

ers in San Diego County which are checked at regular intervals. The one on Jamacha Road was checked recently and it was found that after 2 years the traffic there had increased 95 percent. That is the highest in the county. He said the only answer to this large increase is that vehicle drivers have learned to use the road as a short cut route.

Famed Fanita Ranch Sold For \$ Million

Confirming a report in these columns several weeks ago, that negotiations were about to consummate the sale to Los Angeles investors of the Fanita Ranch, announcement was made that Josephine Scripps, owner of the 4300 acre Ranch had sold the property to Carlton Industries, Inc. for one million dollars. Foy Shumaker, realtor who negotiated the deal, states that this was the largest acreage sale in real estate history in San Diego county.

W. W. Mast, president of Carlton Industries, told Shumaker that the firm plans a subdivision development on the 4300 acre tract in the future. Immediate plans call for the expenditure of \$100,000 on engineering. The Carlton firm is the developer of La Jolla Muirlands.

Josephine Scripps will remain at the ranch for some time, continuing her ranching. Later she will transfer her dairy herd and horses to High Hope Ranch at Vista, which she recently purchased.

Miss Scripps has operated the ranch since just before World War II, and has had as many as 250 beef cattle, besides a dairy herd and many horses.

Last year the largest pheasant hunt ever staged in the county was held there when the State Fish and Game stocked the range with thousands of pheasants.

Sixty years ago this reporter's father killed a deer with a shot gun on the ranch. He cut the cartridge in two, leaving a slug to do the fatal work.

Fanita Ranch was originally part of the Spanish land grant of Rancho El Cajon given to the Pedrona family. Isaac Lankershim purchased this portion of the grant before 1885.

Homer P. McKoon purchased a portion of the grant and sold 1,703 acres in 1887 to the Land Improvement and Investment Co. for \$100,000. He named the Ranch Fanita in honor of his wife, Fannie.

In 1905 the Savings and Loan Association came into possession of the property, McKoon having run into financial difficulties. Edward Willis Scripps, wealthy newspaper publisher, who was Josephine's grandfather, bought it.

James G. Scripps, who followed his father's example and kept the Scripps string of papers on the profit side of the ledgers, and his sister, Nackey Meany Scripps, lived on the ranch for several years.

The ranch was given to the Scripps family by E. W. Scripps, grand old man of the newspaper business, and Josephine gradually acquired title to the property, becoming sole owner in 1941.

Fanita Ranch is on the north side of San Diego River, about four miles west of San Diego. The old Padre Dam is close to the entrance.

CHAIRMAN OF GOVERNOR'S ADVISORY COUNCIL ON DEPARTMENT OF EMPLOYMENT SCHEDULES OPEN MEETING IN S.D. NEXT WEEK

Sam Kagel, chairman of the Governor's Advisory Council on the Department of Employment, announced today the council will hold an open meeting in San Diego Tuesday at 10 a.m. in the council room of the S.D. Chamber of Commerce, 499 West Broadway.

Kagel, a San Francisco attorney, said the meeting in San Diego will be the first of a scheduled series to be held in 1956 and 1957 here and in Los Angeles, Fresno, Sacramento and San Francisco.

The council will invite discussion by representatives of employers, labor and the public of administrative matters in dealing with Department of Employment activities. Kagel stressed that none of the meetings will be a hearing, and that the council does not plan to discuss substantive changes in the laws administered by the Department.

CHRISTIAN SCIENTISTS HOLD COMMUNION SERVICE

On Sunday Communion Services will be held in all Christian Science churches. The subject of the Lesson-Sermon is "Sacrament."

A Scriptural citation from Mark's Gospel (14:22-24) relates that "Jesus took bread, and blessed, and brake it, and gave to his disciples. 'And he took the cup, and when he had given thanks, he gave it to them: '... And he said unto them, This is my blood of the new testament, which is shed for many.'"

Good Summer School Enrollments In Grossmont District

Report on summer school enrollments indicated that at the El Cajon Valley High School 993 students were enrolled, and 1129 at Helix High. Much interest is being shown in the academic subjects at both schools, and the Reading Improvement (speed reading) classes are well attended.

Salaries as established by the Board for the District Superintendent and Associate Superintendent are \$14,500 for the District Superintendent and \$13,500 for the Associate Superintendent.

New teachers employed are: Robert Holverson, Richard T. Manning, and Davis Williams, Jr. The Board approved the following rate of salaries to be paid effective September 1:

Adult Education Instruction, Summer School Instruction, Continuation school instruction and Home Instruction for the physically handicapped at \$4.40 per hour.

Day to day substitutes, \$20.00 per day.

Operator for Driver training car for adults, \$2.50 per hour.

Supervisor for sound equipment, when equipment and building is used by community groups, \$2.20 per hour.

Mileage allowance for travel for private cars on school business, having prior authorization was set at 7¢ per mile.

Mrs. Pauline Atkinson was employed as audit clerk in the Accounting Department of the District Offices.

Medical Staff Buys La Mesa Hospital

La Mesa Community Hospital was bought last week by a group of doctors who have been on the staff of the institution.

The property was bought a year ago by Arnold Phillips, of Walker-Scott Company, and when Phillips became interested in the Linda Vista store of Walker-Scott he sold his interests in the Community Hospital to a group of doctors who feared that a sale to outside parties would jeopardize their practice, besides losing a chance at a money-making proposition.

The Community Hospital will continue under the management of John Gorby, who has been in charge for some time and whose proven ability has made the hospital popular with the public and with the owners. Mr. Gorby states that this hospital is the only "approved hospital" in the area, which approval gives it a very high standing in medical circles.

Due to some regulation by the County Medical Society, the names of the doctors interested in the purchase cannot be revealed at this time. Price paid is about \$130,000 which represents a substantial profit to Arnold Phillips.

First Victory Scored By Ervin Major

Ervin Major, owner of Broadway Auto Supply in Lemon Grove, scored his first major victory Wednesday night at Balboa Stadium when he lead all the way in the main event, a 40-lap feature of the modified stock car program. He drove his own car, a '32 Ford.

40-laps is ten miles. Cars are driven in second gear.

A crowd of 4330 persons saw the race, saw Ervin finish 13 lengths ahead of Emery in 13 minutes, 30.39 seconds. Jimmy Wood was third and Ralph Jasper fourth.

Ervin is 37 years young, and has been interested in stock car racing for years. Most of the drivers in these races are much younger, ages ranging from 19 to 25.

The racing season, under the sponsorship of San Diego Racing Association, lasts from May 30 to October or November. There are certain rules that are rigidly observed in these modified stock car races. As an example the cars have no fenders.

The Association gets a percentage of the gate receipts and the winning drivers get a certain percentage of that amount. The aim is to give the boys enough to keep their cars running, and thus stimulate competition.

Up to now, Escondido, Julian, Ramona have been leading winners, but Lemon Grove is coming into the picture, and we expect to see some more Lemon Grovers leading at the finish.

Ervin says we have several good drivers in this area, but the breaks have been against them. Next races are scheduled for July 7.

It's a Joke Son! . . . Do you know what the woman had for breakfast when she dropped her canary in the food chopper? Shredded tweet!

Highland Happenings . . . Congrats to Duane "Rudy" Rudzinski for getting Helix's annual sports "player of the year" award. Rudy was the fighting Highlander's ace line smasher in the pigskin sport, quick-thinking guard on our basketball squad and top behind-the-plate choreman on the diamond game. Rudy copped All-Metro in his sports. Other award winners in the past few years were Noel Mickelson (basketball, baseball), Ernie Merk (football, basketball, baseball), Dick Stillings (basketball, track), and Henry Bonilla (football, track). Predictions: Next year's winner will be Gael Barsotti! . . . An official insignia will be the first task decided upon by the Heat Rise's new club at Helix. The student council approved their constitution just before the school doors burst open . . . Rumor has it that the seniors' annual ditch day held at Camp Marston was "the greatest." If it followed true tradition, both cameras and faculty were "lost" in the 'til pond!

Next year's San Diego City County High School Journalism Association county vice-president is Linda Fetterly from Helix . . . Girl's League officers for next year are Nancy Madison, prexy; Sondra Perkins, vee; Kay McKenzie, sec.; and Nancy Johnson, moneybags. Outgoing officers were Sonny Donnell, Joyce Harris, Nancy Madison and Barbara Christian . . . Nice gesture on the part of La Mesa Kiwanis who gave the high Highlanders 16 gold balls to the varsity squad

who were the Metro-League champs in the dribbling sport . . . Congrats to editor Jim Gerard for putting out an excellent Helixannual . . . Reminder: don't forget alumni, both old 'n' new, that you too can still get a copy of the Highland Fling newspaper by ordering it complete with a one note which entitles you to 15 publications for next year.

Congrats to the following sportsmen who were labeled top men in their respective sports at Helix: (top five in football) Pat Brown, Gary Dunn (Lemon Grove), and Ron Svalstad (Lemon Grove), top four in basketball) Gael Barsotti, Ron Mulder (Lemon Grove), Rudy Rudzinski and Bob Turpin. (top four in baseball) Ernie Miller, Bob Schultz, Rick Sutherland and "Sandy" Thorpe. (top three in track) Jim Dues, Bill Ernest and Bob Galland. (top one in wrestling and tennis) Jim Osborne and Gary Whalen (Lemon Grove).

According to the Fling's sports editor, Mel Clippinger, the All-Metro Baseball first team should be: catcher, Rudy Rudzinski; third sack, Ernie Miller; shortstop, Rick Sutherland; left field, Dave Olson; and pitcher, Sandy Thorpe. (Second team) first base, Ron Svalstad; center field, Ron Palermo; right field, Bob Schultz; and player-of-the-year, Ernie Miller. Mel placed sprinter Bill Ernest and hurdler Gael Barsotti on the All-Metro track team of which Helix placed a dismal fourth.

EASTERN STAR MEETING TO BE HELD WEDNESDAY

On Wednesday evening the next stated meeting of San Miguel No. 579, Order Eastern Star, will be held in Friendship Hall, Lemon Grove. The Rainbow Girls, La Mesa Assembly, will exemplify their work. Ruth Crocker will be the Chairman of the evening.

We Fouled Up Bean Lovers

Many bean lovers claim their favorite dish tastes better if eaten the day after they're cooked, especially if they're Kentucky Wonders and flavored with a generous hunk of ham or a hickory cured bacon slab.

With this thought in mind we want to apologize to all the followers of the bean-eating cult, of which practically everyone in Lemon Grove is a member. We want to say how sorry we are that we had genuine Kentucky Wonder green beans listed in last week's Mayfair advertisement at the wrong price.

The proper price should have been 19¢ for two heaping, big, succulent pounds. We did not get the change in time to make all copies of last week's edition.

We sincerely hope that Mayfair has some of these tender, green morsels left this week so that you can cut your family in on one of our favorite dishes . . . and at a price that is considerably lower than we had listed.

BOY AND GIRL ADD TO L.G.'S BIRTH QUOTA

Mr. and Mrs. Thomas Twells, 7150 Broadway, Lemon Grove, welcomed the arrival on June 19 of a baby girl, weighing 5 lbs. 1 oz.

Mr. and Mrs. Robert Graham, received a bundle from Heaven, 7872 North Ave., Lemon Grove, 8 lb. 6 oz. boy, on June 25.

Both youngsters arrived via La Mesa Community Hospital.

Both mothers and babies are doing all right, and the proud fathers are passing out cigars. Our congratulations to all parties concerned.

P.S. La Mesa and El Cajon each received two F.V. (Future Voters) at about the same time. —D.H.

CCPT AWARDS ANNUAL SCHOLARSHIPS

Interest in family life and parent education again has led to summer workshop co-sponsorship, scholarships and attendance by the California Congress of Parents and Teachers. A combined total of 38 scholarships in varying amounts, has been granted to applicants from all parts of California for one of two workshops which will be attended also by representatives of the congress.

The Family Life Education Workshop, co-sponsored with College of Pacific, is making a study of splintered families, those affected by prolonged illness, desertion, divorce, or death.

The Parent Education Workshop in Methods and Materials, for both lay and professional parent education leaders, will place special emphasis on the preschool, elementary, and adolescent age groups during its course from Thursday, July 19 through July 28. It is co-sponsored with the bureau of adult education of the State Department of Education, and University of California at Goleta and will be conducted at the university.

No scholarships were awarded to Lemon Grove or Spring Valley residents.

MT. HELIX SHRINE CEREMONIAL SLATED FOR FRIDAY

Mt. Helix Shrine No. 52 Order of the White Shrine of Jerusalem has scheduled a Ceremonial to be held during the stated meeting on Friday in the La Mesa Masonic Temple at 7:30 p.m.

Mrs. Perma Braley, Worthy High Priestess and Frank Betsch, Watchman of Shepherds will preside for the ceremonies.

Mrs. Betty Fitts is chairman in charge of the refreshments and social hour to follow the meeting.

Robert West In Training At Sheppard Airbase

SHEPPARD AFB, (Spcl) — Airman basic Robert E. West, son of Mr. and Mrs. James Harrel of 7566 Mt. Vernon, has recently entered training here in the intelligence operations specialist course.

Airman West graduated from Chula Vista High School in June, 1953, where he was active in baseball.

The intelligence operations specialist course provides training in the collection, collation, evaluation, interpretation and dissemination of intelligence information and techniques of safeguarding military information.

Airman West, who entered military service on February 28, 1956, began his basic training at Parks Air Force Base.

AIR CONDITIONING

MAKES THE DIFFERENCE!

And what a difference!

You sleep better . . . You eat better . . . You work better . . . You think better . . . You feel better . . . You *live* better . . . In an air conditioned home.

Air conditioning keeps your home delightfully cool, of course. But it does far more than that. Air conditioning *cleans* the air . . . keeps it fresh and crisp . . . filters out pollen, dust and grime.

Make air conditioning your next home improvement. It's the only satisfactory answer to the problem of consistent, controlled indoor comfort.

Before you spend another uncomfortable summer day, see your dealer. Ask him to show you the air conditioning unit that's best for your home and your budget. There's a handsome, modern-styled air conditioner that's just right for you.

Board. This is for reclassification of property at Massachusetts and Broadway, used as a service station. Until this time, the property has not been in a business zone.

At 11:15 a hearing on the appeal signed by Kenneth A. Barwick, on behalf of Mr. and Mrs. Roy E. Nielson, from the Planning Commission's approval of a special use permit for the construction for the Helix Irrigation District of a water storage reservoir in Lemon Grove. (On June 19, 1956 the Board received a letter from Nielson requesting that prior to this hearing the Board members and the Planning Commission inspect the area involved.)

Attorney Ken Barwick took over the mike and explained that a projected subdivision — Highland Manor — was involved, with no streets, no sewer, no water pipes and that notice of the hearing was received on Monday in the mail, having been sent out Friday and allowing only one day notice for interested parties. Mrs. Armstrong, an interested party, appeared for her father, who is ill in Alpine, and she didn't know much of anything about the matter.

Nielson, who has appeared before the Board twice before stated his side at length and urged the Board to continue the matter for a least a week.

Byron Miller, now General Manager of the Irrigation District, was present with his attorney and another gentleman. Byron told this reporter that the District was anxious to get a settlement as bids for the new tank had been advertised for and a loss of time vital to the erection of the tank, would be expensive. Miller didn't say anything to the Board but the lawyer did.

Chairman Bird said they had received a letter from Marie Howell approving of the site for the tank. Finally, the Board voted to continue the matter for one week, and maybe things can be cleared up so everybody will be satisfied.

The tank or steel reservoir will cost around \$219,000 and is vital to Lemon Grove water users. Its location has been discussed repeatedly and until very recently everything seemed to be "Joke."

The Grossmont Hospital District submits its Resolution No. 222 estimating \$20,231.00 as the amount of money necessary to be raised by taxes for all purposes for said District for the fiscal year 1956-57.

Equalization Time

Clerk authorized to publish the regular Notice of Equalization of Assessments, stating that the Board will meet in session as a County Board of Equalization from time to time, commencing July 2, until the business of equalization of assessments for the year 1956-57 is disposed of, but not later than July 16, 1956. Now is the time to make your kicks. Don't put it off. Find out what your assessed value is and if you have valid reasons for complaint, present them in writing to the Equalizer. We have told you all this before, and this is the time for you to act.

Request of the Auditor and Controller for the termination of the official Bond covering Arthur C. Eddy as County Assessor, effective as of June 14, 1956.

Letter from the Surveyor and Road Commissioner requesting initiation of proceedings under the Improvement Act of 1911, Unincorporated Area No. 49, R.I.D. No. 6013, Lemon Grove District Streets, for the grading and construction of concrete curbs and sidewalks in Canton drive between Glencoe and Colfax Drive.

Resolution proposing to institute said proceeding and directing preparation special assessment investigation report, prepared by County Counsel.

Letters from the Department of Public Works submitting and recommending approval of petitions of Herbert R. Deaton and Donald I. McKillop for the annexation of unincorporated territory to the Lemon Grove Sanitation District. (Approved by the Boundary Commission.)

Report of the Department of Public Works concerning the drainage problem reported by Mrs. Inez Garren, Lemon Grove, stating that the drainage ditch drains a very large area, spreading out at the point where it leads into Broadway just above Massachusetts Ave., that a great deal of expensive work would be required to properly protect the property along the sides of the ditch; and that this is a policy matter for the Board to decide.

WAVES are first enlisted as seamen recruits, USN, and are sent to the U. S. Naval Training Center, Bainbridge, Md., for nine weeks of recruit training.

MODERN COMEDY

(Continued)

won the boss, who, by the way is a bit of a wolf, the young lady is confronted with the problem of putting him to work for the allotted period and at the same time fend off his amorous advances. She is aided and abetted in this project by her next-door neighbor, Kate Wilson, a vivacious blond with an appetite for cold gin and a Phi Beta Kappa key, who has solved the male problem by means of applied psychology. After a series of amusing forays involving both young women, the boss is finally headed for the altar while the TV crew sets up for another show which is to broadcast results of this noble experiment.

Convincing Performance

In the Theatre Guild cast Luna La Tour played the attractive Lucille Cotton and not only looked the part of a modern career girl but came through with a very delightful and convincing performance. Playing opposite her in the role of her boss, Bob Merdith, was Merritt Kriedeman, a good leading man type with a flair for light comedy and good timing. They made an excellent team and kept the tempo of the play moving with an easy bounce.

Dixie Lowe scored the comedy highlight of the piece with her characterization of Kate Wilson. She made use of all her feminine attributes, and I mean all, in putting over one of the funniest pseudo love scenes ever written. Joining her in one of her bouts with Gordon's famous product, was Tom McCulloch as Ed Martin, a frustrated advertising man, who for a time appeared to be the chosen male of the leading lady until he somehow arrived at the conclusion that marriage would only add to his feeling of frustration. McCulloch did a sincere piece of acting and was another foil for Dixie Lowe's particular brand of comedy.

Jerry Busch played an understanding butler with nice feeling. The telecast which opened the play was a little gem of neatly handled spoofing. George Hamilton was as natural as the suave Emcee, who saved the show with the twist of a phrase, while Corinne Kuehne was perfect in the role of the bored young woman who presented the cold cream commercial. Another bit of type casting which was very true to life was that of George, the technician, as played by Harry Robinson.

Blows Horn
Harry must have spent hours around some of our studios getting the feel of the part. Rounding out this sequence was Michael Jones as the "Boy with the Horn." He hadn't a line to read but registered just the proper Hoagy Carmichael ennui as he blew several bugle calls to point up the commercial.

Barbara Arbuckle was responsible for the very sprightly direction of "Grand Prize" and handled her players in such a manner as to give the illusion of space on the rather restricted area of the Helix little theater stage. She also had emphasized the proper pointing up of lines for comedy value and a smart tempo which is so necessary to a comedy. The well designed and built setting was the work of Travis Keeton and Bill Johnson and Jack Arbuckle was responsible for the lighting.

The Lemon Grove Theatre Guild is to be congratulated on this their first production under the new regime, especially on their choice of a play. So many early productions, thus forfeiting the respect of their potential audiences. Good material comes high, but should payoff in the long run.

There's enough room at the top and the bottom, but it's crowded between.

WATER WORKS CHANGES

NAME, PERSONNEL

(Continued)

area there were some mutual water companies, organized to supply domestic users. Such a company supplied the City of La Mesa, which was incorporated as a city in 1912.

The unorganized and scattered consumers of the La Mesa-Lemon Grove area became dissatisfied with their service and the inability of their mutual and private suppliers to finance needed improvements and on October 17, 1913, formed the La Mesa, Lemon Grove and Spring Valley Irrigation district, serving areas south and west of Grossmont. On January 4, 1926, the District bought the works of the Cuyamaca Water Company, which included Cuyamaca reservoir and the wooden flume line.

By 1924, the El Cajon area had petitioned to annex to that District, but its name could not be included, since law contained no provision for changing the name of an irrigation district. Not until a law providing for such changes was introduced by Assemblyman Jack Shrade, a former director of the Irrigation district, in the 1954 Legislature did it become possible to make the name change.

With a major bond issue being prepared to present to the public, the board decided that no change in the name would be made until after the election and the bonds were sold, since a name change might result in confusion among bond buyers.

The Citizens Advisory committee was asked to receive name suggestions and make a recommendation to the board. Many suggestions were received and debated. Helix was accepted as having several desired qualities: it is representative of the entire area; it is specifically identified with this area, rather than a name which might be found most anywhere; it is a recognized landmark; it is brief; it eliminates listing any specific communities within the District.

Dimmer View

(Continued)

But after our teacher is more firmly established the rate is better. For the sake of comparison we have taken the fifth step, or the fifth experience year to show what this amounts to.

A teacher who has a bachelor's degree and who qualified as first class earns these wages per year in the following communities:
Lemon Grove — \$4700
Cajon Valley — \$4580
Chula Vista — \$4656
LM-SV — \$4550
Oceanside — \$4640
Grossmont U. — \$5000
South Bay — \$4680

One further item which may have an effect on next year's rate is that \$40,000 was budgeted from the reserve fund. This has been carried at a \$50,000 level. Whether or not the board sees fit to replace this next year remains a question. Should they decide it is necessary it would be reflected by a quarter on your tax bill.

The final point is that the seemingly mere reduction of one half cent on your school tax rate is actually quite an accomplishment. It reflects hard work, long hours of it by the school board and administration staff, grand co-operation from everyone connected with our schools with our school board and it's the school board who represents you.

There's enough room at the top and the bottom, but it's crowded between.

Aspiring Contestants May Get Information From A Winner

Virginia C. Bradley, (Mrs. Charley L.) who won prizes in various contests last year, as told in THE REVIEW, with her husband and children entered in the lists writes this newspaper as follows:

"Those contesting Bradleys are at it again. They went into a battling slump after Mrs. C. L. Bradley won several prizes last summer and fall — the last one being \$10.00 from Dial soap for a jingle about Dial.

Now things are picking up again the first week in June, 5 year old Charlee, won a pair of roller skates from the Red Goose Shoes Treasureama contest. Her winning name for the baby goose (goosling), was Vividiver. (Incidentally, parents were permitted to help should anyone question the validity of a child coining such a name).

However, the best news came last week when the Mister of the family received word that one of the Bradleys' 22 entries in the "Pink Dren" contest received a second prize — a Westinghouse console COLOR TV. The entry in this contest is restricted by the sponsor and cannot be published.

"Many people have commented that 'contests are fixed' This is not true," says Mrs. Bradley. It takes a lot of time — a lot of study and a lot of entries."

If anyone wishes information on a source of study, Mrs. Bradley will be glad to supply the information of they will drop her a post card with their name, address and phone number. Address Mrs. C. L. Bradley, 3808 Riviera, Lemon Grove, Phone HO 6-6174.

Mrs. Bradley says "It is a lot of work and a lot of fun, but to win is worth it."

JOBS AVAILABLE

AT STATE HOSPITALS

The Department of Mental Hygiene anticipates open positions for Assistant Superintendent of Business Services in several California State hospitals, the State Personnel Board announced this week.

One of these openings is at Fairview State Hospital in Costa Mesa, California. This newest, modern 2,300-bed hospital, dedicated to treatment of the mentally retarded, is scheduled to be ready for occupancy in the fall of 1957, but staffing will commence in July and is expected to be completed by January of next year.

Positions at Fairview and other State hospitals will be filled from eligibility lists established through competitive civil service examinations.

These positions, with a new salary range of \$745-\$905 require college graduation plus three years of experience in business management of a large hospital, resident school, or other institution, or in the supervision of extensive mercantile, industrial or agricultural operations. A Master's degree in hospital administration may be substituted for one year of the required experience.

Application forms and further information are available at the Department of Employment office on Columbia St.

PRINCIPLE SUTTON TO BE SPEAKER AT BUSINESS WOMEN'S LEAGUE

Mr. Robert Sutton, an exchange principal from our Lemon Grove Schools to Hawaii will speak on his experiences in the islands tonight at the regular meeting of the Lemon Grove Business Women's League. He was principal of the Kailua Elementary School on Hawaii. The meeting is at Michael's, Lemon Grove.

A highlight too, will be the showing of a collection of monkey pod items and the seed pod jewelry by Mrs. Sutton.

The next meeting of the Lemon Grove Business Women's League will be held at Michael's in Chula Vista. This is one of the few times the husbands will be invited to attend.

Highway 94 Information To Be Sought

A letter to the State Highway Department was read at the June meeting of the Spring Valley Chamber of Commerce requesting that information on the improvement of Highway 94 from Palm Avenue to Avocado Road, be released for the Spring Valley area.

The letter read by a Casa de Oro resident and he asked the Chamber for an endorsement. The Chamber did.

The information requested pertains to curves, width and setbacks.

It is expected that many residents and merchants along the highway will endorse the request. The traffic problem along that particular stretch of highway has reached a critical point, which has much to do with the formation of the letter.

LOCAL PREACHER TO BE DELEGATE TO CLEVELAND CONGREGATIONAL CONVENTION

Omaha, Nebraska, (Spcl) — Dan Apra, Pastor of the L.G. Congregational Church has been elected as an official delegate to the meeting which will unite the Congregational Christian Churches with the Evangelical and Reformed Church next year. Scheduled to take place in Cleveland, Ohio, the session which unites the two Protestant church groups into the United Church of Christ marks one of the most significant efforts toward church unity in American Protestantism.

The election of the Congregational Christian representatives to the convening General Synod, was held at the 13th Biennial meeting of the Congregational Churches, meeting here last week.

The union has been one of the major issues to come before the more than 2,000 delegates gathered here. In addition to electing the delegates to the United General Synod, the delegates gave final authorization to proceed with the calling and holding of the meeting and approved a statement which outlined the history of the votes of the Congregational Christian Churches in regard to the union.

The Congregational Churches have 1,342,045 members in 5,561 churches and the Evangelical and Reformed Church has 780,000 members in 2,732 churches. The United Church of Christ will be the seventh largest Protestant denomination.

Rules for License Plates Given

SACRAMENTO (Spcl) — Two license plates are required on your car, one on the front and one on the rear according to the California Vehicle Code.

"This law applies to all makes of automobiles registered in California," declared Patrol Commissioner B. R. Caldwell, "and drivers of California cars with only one plate are subject to enforcement action."

The following rules were listed

in connection with the installation of California license plates: Two plates must be securely fastened to the vehicle, one in front and one on the rear.

They shall be mounted not less than 12 nor more than 60 inches from the ground in a position to be clearly visible.

The legibility of the figures shall not be impaired by any foreign material covering the plate.

The plates must be mounted on the vehicle for which they were purchased.

Motorcycles, power cycles, and trailers are required to have only one plate mounted on the rear.

(NEW SERIES)
AN ORDINANCE AMENDING THE ZONING ORDINANCE BY CHANGING THE USE OF CERTAIN PROPERTY WITHIN DISTRICT NO. 12, LEMON GROVE SECTION, AND SUBSTITUTING SHEETS NO. 4-W AND NO. 5-T FOR SHEETS NO. 4-V AND NO. 5-S OF DISTRICT MAP NO. 12**

The Board of Supervisors of the County of San Diego do ordain as follows:

Section 1. The Zoning classification of the following described land located within District No. 12, Lemon Grove Section in the County of San Diego, State of California, is hereby changed from R-2-A Zone to C-1 Zone:

The East 196.00 feet of that portion of Lot 17 of Subdivision No. 3 of Lot 12 of Ex Mission Rancho in the County of San Diego, State of California, according to Licensed Survey Map No. 5 filed in the office of the Recorder of said County of San Diego, March 23, 1892, lying Northerly of the Westerly prolongation of the Northerly line of Pacific Ave.

nue as shown on Map No. 1094 of Fletcher's Subdivision, filed in the office of the Recorder of said County of San Diego, November 7, 1907.

Excepting from the above described property, the Northerly 150.00 feet thereof.

Section 2. Section 2001 of Ordinance No. 1402 (New Series) of the County of San Diego is hereby amended to read as follows:

Section 2001. MAP, "District Map No. 12, Lemon Grove Section, San Diego County," consisting of nine (9) sheets numbered 1, 2-C, 3-I, 4-W, 5-T, 6-C, 7-G, 8-E, and 9-I, including an index sheet, each bearing the title "District Map No. 12, Lemon Grove Section, San Diego County," is hereby adopted and made a part of this ordinance.

Section 3. This Ordinance shall take effect thirty (30) days after the date of its passage, and before the expiration of fifteen (15) days after its passage it shall be published once, with the names of the members voting for and against the same, in the Lemon Grove Review, a newspaper of general circulation published in the County of San Diego.

PASSED, APPROVED AND ADOPTED this 26th day of June, 1956.

TITLE OF REALTY**
That portion of the Northwest-ly Quarter of Section 17, Township 17 South, Range 1 West, San Bernardino Base and Meridian, in Tract "H" of Jamacha Rancho, in the County of San Diego, State of California according to Partition Map thereof, filed in the Office of the County Clerk of San Diego County, in Case No. 13 of Superior Court, entitled "Wm. E. Keighler vs Mary H. Eddy, et al," described as follows:

Beginning at the intersection of the Westerly line of Nortonia, according to Map No. 1309, filed in the Office of the County Recorder of San Diego County, February 16, 1911, with the Easterly line of the Rancho de la Nacion, according to Map No. 166 on file in the Office of the County Recorder of San Diego County, said Westerly line of Nortonia being the center line of Alpha Street, as

shown on said Map No. 1309; thence along said Easterly line of Rancho de la Nacion, North 18° 17' West 114.60 feet to the Southeast corner of Quarter Section 2 of said Rancho de la Nacion; thence along said Easterly boundary of Quarter Section 2, North 18° 17' West 660 feet, more or less, to the Northeast corner of the Southeast Quarter of the Southeast Quarter of said Quarter Section 2; thence South 88° 37' East to said Westerly line of Nortonia in the center line of said Alpha Street; thence along said Westerly line of Nortonia South 1° 23' West to the point of Beginning.

The People of the State of California Send Greeting: To the above named defendants.

You are hereby Directed to Appear and answer to a Complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of San Diego, within ten days after the service on you of this summons — If served within this County; or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiff will take judgment for any money or damages demanded in the Complaint, as arising upon contract or will apply to the Court for any other relief demanded in the Complaint.

Postal Service Autos Lower Accident Rate Drastically

Autos in post office service, largely trucks delivering mail on routes, have careful drivers.

One hundred thousand drivers of mail trucks operating 85,000 vehicles, have downed the accident rate 11% in two years, cut costs 24%, according to figures furnished by Lemon Grove Postmaster Faucher.

National Safety Council Safe Driver Award emblems and wallet cards, presented to two "accident free" drivers of Lemon Grove delivery trucks, one mail and one parcel post, were awarded to two drivers on Saturday, as the high point in the opening of the new post office in Lemon Grove. (More about this "opening" in another column.)

These awards are recognized as the nation's highest honor for accident-free driving performance, achieved only by those who have demonstrated that they are careful and skillful drivers.

In 1955, when the contest was entered by postal employees, the accident rate was 13 accidents per 100,000 miles traveled. In 1956, when the count was totaled shortly before June 1, the accident rate for postal drivers was less than four per 100,000 miles traveled.

Lemon Grove post office has two trucks assigned, one for parcel post and one for mail delivery. The route of this latter truck covers 21 miles of territory, with 400 to 500 stops per day. Lemon Grove drivers have had but two accidents in four years, and neither driver was at fault. In one accident above reported a boy on a bike ran into the truck, and the driver was not blamed.

The accident-free pins awarded are of gold with figures on pin denoting the years driven without accident.

Elmer W. Blank of 1954 Fairhaven, Lemon Grove, parcel post truck driver, was awarded this pin, with "2" denoting the years driven. The pin would have had the figure "3," had the count been taken up to June 1, 1956. So says Postmaster Faucher.

The "Mounted Route," as the mail delivery truck is called, was driven by Emilie M. Rosati of 7696 Burnell, Lemon Grove. He was awarded a pin with "1" year, which would have been "2" had the count been taken up to June 1.

Mr. Rosati, who has 400 to 500 "customers," was forced to change his routing when the right-hand drive trucks were assigned to this post office, necessitating a complete reversal of mail distribution in the office before starting on delivery, and a complete turn around in delivery. Before the new trucks were assigned, the delivery trucks were allowed to drive against traffic, necessitating considerable delay at times.

Lemon Grove post office has seven foot routes, each from seven to nine miles long, and the total employees in the office number 23.

Needless to say, we of the REVIEW are proud of our new post office, and have a high regard for all the employees.—D. H.

NOTICE OF MEETING OF BOARD OF DIRECTORS OF LA MESA, LEMON GROVE AND SPRING VALLEY IRRIGATION DISTRICT AS A BOARD OF EQUALIZATION
NOTICE IS HEREBY GIVEN that on the 11th day of June, 1956, the Assessor of the La Mesa, Lemon Grove and Spring Valley Irrigation District completed his assessment books and delivered the same to the Secretary of the Board of Directors of said District as provided by law; and

NOTICE IS FURTHER GIVEN that said Board of Directors, acting as a Board of Equalization, will meet to equalize assessments on the 9th day of July, 1956, at the hour of 9:00 o'clock A.M., at the office of said Board of Directors, 4769 Spring Street, in the City of La Mesa, California, and until said meeting on said date, the assessment books will remain in the office of the Secretary of said Board at the said office of the Board of Directors of the City of La Mesa, County of San Diego, State of California, and will be open for the inspection of all persons interested.

Said Board of Directors, meeting as a Board of Equalization will meet and continue in session from time to time after the first meeting on said above mentioned date as long as may be necessary, not to exceed ten days, exclusive of legal holidays, Saturdays and Sundays, to hear and determine such objections to the valuation, acreage or any matter pertaining to the assessment heretofore made by the Assessor of said District, as may come before it.

Dated this 12th day of June, 1956.

CLUB FORMED OF THROAT CANCER VICTIMS
A unique club to band together persons who have undergone Larynx operations that require them to learn to talk again, has been formed in San Diego under the auspices of the San Diego Branch, American Cancer Society.

Known as the "New Voice Club," the organization is a result of the special class in pharyngeal speech held last semester at San Diego State College under the direction of Dr. Sue Earnest, head of the speech department. At the conclusion of the semester, those who attended decided to form the club to aid others who have undergone surgery, as a result of cancer or other causes, and to help those who are facing such operations.

The group meets the first Monday night of each month at the Cancer Information Center, 1401 Fifth Avenue.

Various means of transport
serve in getting their copy to the
office before "deadline".

Uncle Sam's efficient mail ser-
vice heads the list, with differ-
ent makes of autos, from Cadil-
lacs to 1939 Chevys and 1947
Packard, these latter driven by
yours truly, and by personal calls
on foot, but the tops on the list
so far were reached Monday when
Alice O. Wilber, who writes pub-
licity — that is "news items" —
with a college education, — like
the man said about cauliflower
being cabbage — for Lemon
Grove Congregational Church
and another "customer," the
Lemon Eighters. Alice came in
with her copy neatly typed, no
corrections and handed it in well
before the dreaded "deadline".
She rode a bicycle borrowed from
her son.

Gladys, our efficient secretary,
said "That does it. Now all we
need is to have somebody ride a
horse in with copy." Alice quip-
ped "I can do that, too. I'll bor-
row a horse from my brother-in-
law."

Frankly, the editor doesn't
care how you get your copy to
the office in time whether afoot
or horseback. Just get it in.

If a baby is born in your
neighborhood, phone in or write
a postal. If you or your neighbor
have relatives visiting, we would
like to know it.

Spring Valley Chamber Considers Name Change

Shall the Spring Valley Cham-
ber of Commerce change its
sign to read "Spring Valley
Chamber of Commerce" or leave
them as "Community Center?"

That was the subject for a liv-
ely discussion at last week's
Spring Valley Chamber of Com-
merce meeting in the (Com-
munity Center?) Hall.

Several people, some members
and some not, expressed their
views. Among these was Mrs.
Betty Seymour Robinson, first
secretary of the Spring Valley
Chamber of Commerce. She told
how the Chamber of Commerce
was formed in September 1936,
during the Matoon Act era.

She said that at first there was
a committee formed in Spring
Valley to fight the Matoon Act.
Out of that committee grew the
Chamber of Commerce. Its ulti-
mate purpose was to help Spring
Valley with its growth.

Mrs. Robinson said much work
was done to disintegrate the Ma-
toon Act and she gave a great
deal of credit for the victory, to
the late Roy Richards, then
County Supervisor.

The Chamber in those early
days met in different homes, and
as the organization grew, it was
felt there was need for larger
quarters. So the present sight
of the hall, which is adjacent to
the old adobe building, was pur-
chased.

To clarify, one misconception,
that some of the Spring Valley
taxpayers' money goes toward
paying taxes on the present SV
Community Center, Mrs. Robin-
son said that is untrue. Not one
cent of the local taxpayers' money
goes toward the taxes. It is a
privately owned building, and
not a County Building, as
some people seem to think. The
Chamber of Commerce itself has
paid all taxes since it was or-
ganized, and no moneys have
been solicited. Money has been
raised by membership dues,
dances, fairs and other social
means.

Mrs. Robinson said the original
name for the building was the
"Spring Valley Civic Center."

It was brought out, however,
that a motion was passed several
years ago to have the building
called the "Spring Valley Com-
munity Center."

The result of the whole argu-
ment was a motion made and
seconded to have the signs
changed, and then the motion
was withdrawn. President Bill
Doughman then appointed a
committee, comprised of Mrs.
Robinson, George Robeson and
Luke Barbour, to delve into the
archives of the organization to
try to find the answer. It is
hoped the answer will come
soon.

Several visitors were intro-
duced. Among them was Mrs.
Ben Tozer, widow of the late
"Uncle" Ben Tozer, long time
Spring Valley civic worker. "Un-
cle" Ben passed away last year
and was buried with full mili-
tary honors, having been a vet-
eran of World War I.

Mrs. Tozer presented the
Chamber of Commerce with the
flag from "Uncle" Ben's casket.
Her remarks were short and to
the point. "Because Ben loved
this Valley, there is no other
place he would rather have the
Stars and Stripes floating gently
in the breeze, and for our people
he knew and loved."

"For these reasons it gives me
great pleasure and contentment
to leave with the Spring Valley
Chamber of Commerce the flag
which was the last symbol of his
love and devotion to his family,
friends and country."

"This I do in memory of 'Un-
cle' Ben Tozer, citizen, father
and neighbor."

Luke Barbour, past president
of the C of C reminded every-
one that the Centennial for the
old adobe building will be Octo-
ber 6, of this year. He said he
will form a committee and asks
help from all Spring Valley res-
idents in trying to have some sort
of a celebration.

V.L.M. Finally Gets A Baseball Team

Boys from 8 to 12 years of age
have been formed into a baseball
league in the Vista La Mesa
school area, playing ball on Tues-
day, Wednesday and Thursday
evenings and all day Saturdays
on the county park area on King
street between Hoffman and
Waite Drives.

Parents of the boys have or-
ganized as the Vista La Mesa
Baseball League with Bernard
Lester, president; Andrew Leach,
vice president; Mrs. V. Thomp-
son and Mrs. A. Pearson secre-
taries, and C. A. Long, treasurer.

The field committee has se-
cured the use of the county owned
field and with county assistance
have leveled and surfaced the
grounds. Their next goal is a
standard backstop, fence and
bleachers.

The sponsor committee has
signed up the Double L Bar
Ranch, Peterson Mobiloil Ser-
vice, Palomar Foods and Came-
ron Brothers Construction com-
pany to sponsor teams.

Urgently needed now are men
to serve as coaches, team man-
agers, and assistants for work
outs with the 6 established
teams. Fathers who have even-
ings or Saturdays free are urged
to contact Mr. Lester. All
parents are invited to attend the
parents meetings Tuesday eve-
ning at 8 p.m. in room 10 of the
Vista La Mesa School.

Saturday the boys received
their team caps with lettered T-
shirts on order.

The league hopes to build the
teams to specifications qualif-
ying them for official Little
League next year.

LEMON GROVE ZONING

BEING CHANGED

The Supervisors passed Ordinance 1563 Changing the use of
certain property within District
No. 12, Lemon Grove section. All
five Supervisors voted for the
change from Zone 2-A to Zone
C-1. C-1 allows business estab-
lishments, while R-2-A is residen-
tial zone.

The area is bounded by Mon-
tana on the north, Mt. Vernon
on the south, Imperial on the
west and Citronella on the east
is affected by this ordinance.

The Board also passed Ordinance 1562, which re-zones more
property in Lemon Grove Area.

This Ordinance changes R-2,
which allows Duplex houses, to
R-2-B, which allows single family
dwellings.

This property is part of Rolan-
do Knolls, and is bounded on the
north by Montana, on the east by
Citronella, on the west by Imper-
ial and on the south by Palm
streets.

John Dail Sponsors

Powder Puff Flying Team

John Dail, local insurance man,
is sponsoring one of the planes
in this year's Powder Puff Derby.

He is sponsoring the plane be-
ing flown by Isabelle McCrae,
7155 Mt. Vernon, and Betty Mc-
Neill, of La Mesa.

The girls left Tuesday for San
Francisco. They take off Satur-
day for the termination point of
the contest, Flint Michigan.

Dail's name, and Lemon Grove
California, will be emblazoned
along the fuselage of the plane.

FOUR LOCAL LADIES TAKE

COUNTY FAIR AWARDS

Four Lemon Grove women
won prizes the first day of com-
petition at the County Fair.

Marie Herder, 7052 Central
Avenue was named winner in a
section of the Home Economics
classification. She won first place
for dollies and 2nd place for the
following:

Mat set, tablecloth, tatted edge;
painted tablecloth and buffet set.
Other Grove winners are: Es-
telle Bellwood, knitted skirt, 3rd
place. Marilyn Humphry, apron,
1st place, and head scarf, 1st
place. Nancy Sima, skirt, 3rd
place; half apron, 3rd place and
sleeveless apron, 3rd place.

Marilyn Humphry also took
second place in foods with her
drop biscuits and Nancy Sima
also took second with oatmeal
coconut cookies.

ST. PHILIP'S CHURCH

WORKSHOP STARTS MONDAY

The Women's Auxiliary of St.
Philip's Episcopal Church will
hold a Summer Workshop, be-
ginning Monday, at 7 p.m. at the
Church. All women are cordially
invited to come, bringing with
them their unusual ideas in pre-
paration for Christmas.

All rectors and vicars of the
San Diego Convocation will at-
tend a luncheon at St. Philip's
on July 10.

Great preparations are under-
way for a "family" dinner at the
Church on July 16. More details
later.
